

Basic & Elite Protection Plans

for natural gas
heating systems

HOME
SERVICES

Choose the plan that's best for you and your home.

Your home is one of your most valuable assets — don't trust it to anyone else but Petro Home Services.

Most homeowner's insurance does not cover repairs to heating systems. That's why we have a plan that can help you avoid any unexpected costly expenses. More importantly, our plan protects your home by ensuring that any repairs are done in a timely manner. We realize that this kind of protection can also be called peace of mind. That's what we really deliver. That's what we're really about.

All of Petro's residential service plans offer you:

Quality repairs by experienced Petro technicians

Courteous, knowledgeable customer service reps to take your call 24 hours a day, 365 days a year

Two smart ways to protect your natural gas system.

Choose the plan that's best for you.

Basic Protection Plan

On-call access to service — 24 hours a day, seven days a week.

When you call, we're there for you. This means you can get repairs done quickly, before they become bigger problems. There are no charges for services covered by this agreement when they are performed between 8am and 5pm, Monday through Friday, excluding federal holidays. If you request service for arrival prior to 8am or after 5pm, on a federal holiday (day when the post office is closed) or weekend, there will be a diagnostic fee. You'll also get:

- **Tune-up**
To help keep your energy bills low, you should consider a tune-up. This service is available between March 30th and September 1st at no additional cost. This schedule will allow us to optimize our response to your emergency service needs during the heating season.
- **Enjoy a 15% discount on regular rates.**
To help you save even more, this plan gives you a 15% discount on our regular rates for any repair work not covered by your plan.

Elite Protection Plan

On-call access to service — 24 hours a day, seven days a week.

When you call, we're there for you. This means you can get repairs done quickly before they become bigger problems. There are no charges for services covered by this agreement. You'll also get:

- **Free service visits on covered repairs.**
To help you keep your system running at peak efficiency, the Elite Protection Plan covers service visits for covered repairs.
- **Tune-up**
To help keep your energy bills low, you should consider a tune-up. This service is available between March 30th and September 1st at no additional cost. This schedule will allow us to optimize our response to your emergency service needs during the heating season.
- **Enjoy a 15% discount on regular rates.**
To help you save even more, this plan gives you a 15% discount on our regular rates for any repair work not covered by your plan.
